**Business Information:** The Office of Dr. Alain Bitton was established in 2001 by Dr. Alain Bitton, a Urological Surgeon. Located in Geneva, Switzerland, the Clinic is a private clinic dealing mainly with consultations, surgery and research. The Clinic has a staff of about two experienced and motivated professionals who oversee, manage and facilitate all day to day clinic operations. A private practice, Dr. Bitton works with one medical assistant who is also a specialized nurse and a research and administrative assistant. Prior to establishing his clinic, he was a Clinical Fellow at the Bristol Urological Institute since 2000. Dr. Bitton also worked as an Associate Professor in Urology at the University Hospital in Berne from 1998 to 2000. He has MD and PhD degrees from the Medical School of Geneva. A Urological Surgeon, specializing on invasive procedures on the urinary tract, as well as procedures for treating some reproduction-related

Submission of, and a signature on this document, or failure to return it to the above listed department within ten (10) working days by the selectee, constitutes permission expressly given to International WHO'S WHO of Professionals™ to publish the above information in print, electronic database or other form. International WHO'S WHO of Professionals™ expressly disclaims all other liability for loss, incidental, or consequential damage, whether arising from negligence, contract, or any other cause to any party for errors in publishing. Participation in any membership program is strictly voluntary and is in no way mandatory for a listing in the publication. Agreement to sponsor the membership does, however, confer specific obligations upon the member. *Our cancellation policy states there is a nonrefundable 25 percent processing fee which will be retained on cancellations that occur within 45 days of the invoice date. The first payment will be retained on cancellations of membership purchased using our Easy Payment Plan which occur within 45 days of invoice date. Any additional customized products and/or services are nonrefundable. After 45 days the membership is nonrefundable. Renewal Packages are nonrefundable.* In the event your membership support options were purchased using a major credit card, your signature on this form is your acknowledgement of the total amount agreed upon and that you agree to perform the obligations set forth in the Cardholder's Agreement with the issuer. The credit card you used to purchase your membership will automatically be charged at the designated auto-renewal period. To avoid getting charged for the next billing period, you need to contact Membership Services before your renewal date. Please contact Membership Services at (202) 544-7136 should you have any questions.

problems, Dr. Bitton works in the same condition like other surgeons - with his assistant who provides him with tools and with services necessary. Much sought after, he is able to work in a highly demanding and very stressful environment as he lets results speak for his work. He is able to practice as physician and surgeon. Treating diseases and conditions of the female urinary tract and the male genitourinary system, he performs traditional open surgeries and high-tech laparoscopic procedures, using tiny remote-control instruments. Many of Dr. Bitton's surgeries are done to correct malfunctions of the valves that controls urination and malformations or congenital defects of the bladder, kidney and supporting tissues. He also performs various minimally invasive procedures. Diagnosing illnesses is an important part of Dr. Bitton's work as his primary duties also include various laboratory tests and simple and low-tech techniques, such as digital rectal exams for prostate irregularities. Respected by colleagues and peers and well liked by patients, he has the ability to put patients at ease. Providing quality patient care, he analyzes his patient's medical history, medication allergies, physical condition and examination results to verify operation's necessity and determine best procedure. Following established surgical techniques and guidelines, Dr. Bitton ensures successful outcomes on behalf of his patients. Providing valuable consultation and surgical assistance to other physicians and surgeons, he has established his credibility throughout the surrounding area. Keeping current regarding medical technology, procedures and protocols, he attends national and international
